# Fifth Grade Facts

## Memorial Day Field Day

- This is, of course, Memorial Day Weekend. There will be no school on Monday. Please be safe if you are traveling!
- Friday is Field Day. As soon as the color requirements are relayed to me, I will pass them on to you.
- DARE graduation for the county is on our Field Day date. Monica has graciously agreed to come to school on our last day and give the essay awards to the kids. This is our Mass that has the awards given for other

achievements, as well. After this ceremony, the 5th graders will have their breakfast, courtesy of the 4th grade parents. I am looking forward to the festivities, but I have to tell you that I do not want the year to end quite yet. I will really miss them :(

- We have finished the social studies and math, with the exception of 1 test in math. We will continue to keep on studying in science, but with no additional tests in that subject. We will have another gram-

mar test next week, but that will be the final exam.

- See you all next week!
- Thanks to the parent volunteers who made the class trip a lot of fun!
