

Future Second Graders

I am very excited about next school year! I cannot wait until you can come to my class! Here are the things I want you to do and get over the summer.

You will need to get and read the book Jigsaw Jones and the Case of the Marshmallow Monster by James Preller. We will do some activities with this book when we start school in August.

You also need to practice your math facts flashcards everyday. This is extremely important because you have worked so hard to learn them in first grade. I know you can do these facts, so keep working hard.

You will also need to read books everyday. The library has a great summer reading program where you can win prizes for reading. What a great way to practice reading!

Attached to this note is a note to your parents about the supplies you will need on the first day of school. Be sure that you give it to them and have fun shopping.

I can't wait till the first day of school. Have a great summer and I will see you on the first day of school!!
